Jane Doe

DOB 1 November 1935

Patient ID JD-19351101

Sydney Aged Care

Author: Dr James Smith / Usual GP

Document date: 1 November 2024

Baseline health and usual function

Jane usually walks to communal meals using her frame and eats independently. She enjoys gardening and family visits. Hypertension and knee osteoarthritis are recorded; original diagnosis dates are unknown. Penicillin rash was reported by Jane years ago; timing and severity are uncertain.
