MEDS3888 Report Marking Rubric (2026)

Criteria	High Distinction	Distinction	Credit	Pass	Fail
Introduction	Comprehensive problem statement, clear aims, and realistic outcomes. Exceptional understanding of the project's challenge.	Clear problem statement, well-defined aims, and outcomes. Good understanding of the project's needs and challenge.	Adequate problem statement, aims, and outcomes. Basic understanding of the project's needs and chellenge.	Basic problem statement, aims, and outcomes. Limited understanding of the project's needs and challenge.	Incomplete or unclear problem statement, aims, and outcomes. Poor understanding of the project's needs and challenge.
Background	Detailed and insightful background with extensive knowledge of current challenges.	Thorough background with good knowledge of current challenges.	Adequate background with basic knowledge of current challenges.	Basic background with limited knowledge of current challenges.	Incomplete or unclear background with poor knowledge of current challenges.
Project Approach	Innovative and well-justified approach. Excellent explanation of chosen technology/ methodology and its benefits.	Well-justified approach with good explanation of chosen technology/ methodology and its benefits.	Adequate approach with basic explanation of chosen technology/ methodology and its benefits.	Basic approach with limited explanation of chosen technology/ methodology and its benefits.	Incomplete or unclear approach with poor explanation of chosen technology/ methodology and its benefits.
Results & Outcomes	Detailed and clear description of project output. Excellent measurement of effectiveness.	Clear description of project output. Good measurement of effectiveness.	Adequate description of project output. Basic measurement of effectiveness.	Basic description of project output. Limited measurement of effectiveness.	Incomplete or unclear description of project output. Poor measurement of effectiveness.
Conclusion, Impact & Future Directions	Comprehensive reflection and feedback. Excellent discussion of challenges, lessons learned, and future directions.	Thorough reflection and feedback. Good discussion of challenges, lessons learned, and future directions.	Adequate reflection and feedback. Basic discussion of challenges, lessons learned, and future directions.	Basic reflection and feedback. Limited discussion of challenges, lessons learned, and future directions.	Incomplete or unclear reflection and feedback. Poor discussion of challenges, lessons learned, and future directions.
Report Presentation & Formatting	Exceptionally well-presented and formatted. Cohesive, with excellent use of figures and references.	Well-presented and formatted. Cohesive, with good use of figures and references.	Adequately presented and formatted. Basic cohesion, with adequate use of figures and references.	Basic presentation and formatting. Limited cohesion, with minimal use of figures and references.	Poorly presented and formatted. Lacks cohesion, with poor use of figures and references.
